## MBTI® Master Series: MBTI® & Coaching Workshop

11 April 2019 Singapore

### Apply type theory to enhance the benefits of coaching for the client and the coach

The Myers-Briggs Type Indicator® (MBTI®) Master Class Series Workshops are designed for certified practitioners who wish to deepen their understanding of type theory and its practical application.

Planning for individual development requires making an honest assessment of one's goals and needs as well as identifying realistic steps to take to move forward. Many people interested in personal or professional development seek the assistance of a coach. While there are several ways to define coaching, for us it is the art of:

- Exploring and improving self-awareness
- Identifying personal strengths
- Understanding and managing, or compensating for, blind spots and developmental needs
- Strategizing for career and personal development

## Course Leader – Mr Andrew Bell

Andrew Bell has extensive global experience utilizing The Myers-Briggs Company's suite of instruments. He has experience across six continents and in over 50 countries.

From 2010 to 2014 he was VP International for The Myers-Briggs Company where he led the successful expansion into new geographies and in building capabilities to meet the needs of global businesses. Previously he ran his own consulting business based in Singapore, distributing The Myers-Briggs Company's products in the South East Asia region, and prior to that he worked with Unilever for 23 years, based in Europe, China and Singapore, becoming SVP Human Resources, East Asia Pacific.

Andrew is a member of The Myers-Briggs Company's certification program faculty and a Senior H.R. Fellow with The Conference Board. He graduated in law and is a Chartered Fellow of the Institute of Personnel & Development.
